Jim, In that case, that narrows things down to Thursday, 8/27, after 11am for Deb, Chip, and I. Let us know if a particular time works and I can make arrangements up here for a room. Thanks S

RE: T4 Removal Action Letter re  
Request to Discuss Coordination  
of the CDF Design Process with  
the Harbor-wide FS and ROD

Thanks Sean. I'll check with the Port staff and get back to you tomorrow morning regarding the meeting date options you presented. I will also generate a draft agenda.

As stated in our letter, we feel it is important to have Chip and/or Eric in attendance because of the relationship with the harbor-wide RI/FS schedule, as well as Region 10 senior staff due to the inter-relationship of the T4 RA and the anticipated Portland Harbor cleanups that will comprise the Record of Decision. I am thinking Deb Yamamoto and/or whoever is acting in Dan Opalski's former role. For the Port we are planning on having myself, Tom Imeson, and Kelly Madalinski (Kelly's presence will be dependent upon resolution of the conflict issue). We recognize that schedules are tight this time of year, but we feel strongly that this warrants a face-to-face meeting. Therefore, the Port staff are happy to meet the EPA team in Seattle (if that is difficult for Chip, maybe he can call-in?).

Thanks, Jim.

Thanks Sheila.

Jim, Do you have any proposed dates for this meeting? Due to my busy summer schedule, I'll likely have to do this by telecon to have the meeting before 9/4. --8/27 (other than 10-11) and 8/28 (other than 930-12) look particularly good for a telecon. for Chip and (b) (6) Could the Port put together an agenda for the meeting so we can query Eric on any pointed questions before he leaves?

The Port may have a 30 day extension of the deadline for the DSR response to comments.

Thank you.

S
